Brainstorming an exciting, forward-thinking idea I can't wait...

It doesn't occur frequently that you are invited to represent your country in different events one day after the other at the same week. Well this week was an exception and it was absolutely an amazing and fascinating experience.

The peak was joining our consul general, ambassador Meron Reuben, at the diplomatic corps event organized by **MOITI Massachusetts Office of International Trade and Investment**, and having the opportunity to meet with Massachusetts Governor Charlie Baker, learning about ways in which Israeli companies can collaborate with the local innovation ecosystem and getting to know various international diplomatic representatives in the greater Boston area.
