January 14, 2024, Steve worked with Eli but they were at different companies

I represent ten incubators in Israel that are forming The Geshem Fund to help Israeli startups during the war. I reached out to Eli for help to reach out to stakeholders and potential investors in New England. Immediately Eli got to work fully understanding and supporting our mission. He made very helpful contacts that fit our profile. When we decided to do a presentation in Boston, Eli was able to connect us with a leading law firm to host us. Eli is very passionate, results driven and became a good friend. I highly recommend Eli as a resourceful, energetic leader.

Eli is an intuitive, charismatic networker that effectively represents the government and the Israeli Innovation ecosystem to make connections and build community. Working with Eli to build new connections during and after BIO Intl Convention has been a pleasure, and I look forward to working together going forward. The Israeli Innovation Ecosystem is strong and its individuals like Eli that make it one of the best in the world.
